

10.0 LIST OF PREPARERS

This document was prepared and reviewed by an interdisciplinary team that includes transportation engineers and planners, environmental analysts, cultural resource specialists, geologists, and natural resources specialists. Staff members with major involvement in the preparation and of this document and studies are listed below.

MICHIGAN DEPARTMENT OF TRANSPORTATION (MDOT)

Jeffrey Saxby, P.E. B.S. Civil Engineering. 12 years in highway engineering. MDOT I-94 Rehabilitation Co-Project Manager, administration, and review and development of preliminary engineering.

Andrew Zeigler, R.L.A. B.S. Landscape Architecture. 30 years experience in EIS preparation, land-use planning, research and development projects, including 20 years service with MDOT. MDOT I-94 Rehabilitation Co-Project Manager.

Carolyn Nelson, B.S., M.S. Civil Engineering. 12 years experience in highway engineering. MDOT I-94 Rehabilitation Project engineer, review and development of engineering design standards and criteria.

Michael O'Malley, B.S. Environmental Science/Biological Education. 13 years experience in EIS Preparation. MDOT I-94 Rehabilitation Project environmentalist.

Catherine Jensen, B.A. Economics/ Mathematics, M.B.A. 11 years experience in Transportation planning. MDOT I-94 Rehabilitation Project review of traffic forecasting, modeling, and operational analyses.

Jose Lopez, B.S. Communications Arts. 21 years experience in highway public involvement and public hearings. MDOT I-94 Project Rehabilitation Project public hearing officer.

Margaret Barondess, B.A., M.A. Anthropology. 11 years experience as staff archeologist. MDOT I-94 Rehabilitation Project cultural resources review.

Sue Datta, A.I.C.P. B.S., M.S. Urban and Regional Planning. 8 years experience in urban and regional planning. MDOT I-94 Rehabilitation Project EIS preparation and environmental, planning, and traffic review.

Other MDOT personnel involved with the I-94 Rehabilitation Project

Peter Kliejunas, Transportation Planning
Manager

Lori Noblet, Transportation Planner

Mark Jordan, Real Estate Specialist

Thomas Peek, Resource Analyst

William Swagler, Real Estate Specialist

Delores Ytreeide, Property Analyst

Mary Benko, Real Estate Specialist

Michael Anglebrandt, Real Estate Specialist

PARSONS BRINCKERHOFF MICHIGAN (PBM)

Hal Kassof, P.E. B.S. Civil Engineering, M.S. Transportation. 34 Years experience in highway engineering. PBM I-94 Rehabilitation Principal-In-Charge.

Adiele Nwankwo, Ph.D. B.A. Urban Planning and Economics, M.S. Civil Engineering, Ph.D. Urban, Technological, and Environmental Planning. 21 Years experience in urban transportation planning. PBM I-94 Rehabilitation Project manager.

Andres Aragon Viamonte, P.E. B.S., M.S. Civil Engineering. 29 years experience in highway and transportation engineering and highway project environmental document preparation. PBM I-94 Rehabilitation Project review and oversight manager.

Darrell Wade, P.E. B.S., M.S. Civil Engineering. 25 years experience in highway and structural engineering. PBM I-94 Rehabilitation Project design.

Barbara Arens, P.E. B.S. Civil Engineering. 15 years experience in highway and transportation engineering. I-94 Rehabilitation Project lead transportation engineer.

Rochelle Byars, B.S. Biology. 21 years experience in highway environmental analysis and EIS Preparation. I-94 Rehabilitation Project DEIS Preparation.

Merrill Deskins, B.S. Biological Science. 21 years experience in EIS preparation and review. I-94 Rehabilitation Project DEIS quality control review and comment.

Tami Wiggins, B.A. Sociology, M.S. Applied Geology. 10 years experience in EIS preparation and editing. I-94 Rehabilitation DEIS preparation and editing.

Rick Donnelly, Ph.D., A.I.C.P. B.E. Economics, M.S. Regional and Community Planning, and Ph.D. Transportation Planning. 14 years experience in transportation planning and travel demand forecasting. I-94 Rehabilitation Project travel demand forecasting.

Joseph K. Kovacik, Ph.D., B.A., M.A., Ph.D. Anthropology. 13 years experience in cultural resources management. I-94 Rehabilitation Project cultural resources report addendum preparation.

Alice Lovegrove, B.S., M.S., Engineering. 12 years experience in transportation engineering and air quality analysis. I-94 Rehabilitation Project air quality analysis.

Joseph Koram, P.E. B.S., M.S. Civil Engineering. 26 Years experience in highway design. I-94 Rehabilitation Project design.

Linda M. Powell, P.E. B.S. Health Science, M.S. Civil Engineering. 7 Years in highway engineering. I-94 Rehabilitation Project traffic analysis and EIS preparation.

Dorothy Thurman, B.F.A. Visual Communication Design. 20 Years experience in report graphics preparation. I-94 Project EIS figure design and preparation.

HNTB, INC.

Charles Dulic, P.E. B.S. Civil Engineering, M.S. Transportation Engineering. 21 years experience in roadway design and transportation planning. I-94 Rehabilitation Project HNTB deputy project manager for engineering and transportation.

Timothy Farra, P.E. B.S. Civil Engineering. 10 years experience in design and project coordination. Project production and schedule for I-94 Rehabilitation Project.

Matthew Simon, P.E. B.S. Civil Engineering. 10 years roadway design and traffic engineering. I-94 Rehabilitation Project traffic analysis and roadway design.

John Jaeckel, P.E. B.S. Applied Science/Engineering. 27 years experience in civil engineering, noise and air quality assessment. I-94 Rehabilitation Project noise assessment.

SNELL ENVIRONMENTAL GROUP, INC.

Blair R. Webster B.S. Fisheries/Wildlife Biology. 14 years experience in natural resources and environmental analysis. I-94 Rehabilitation vegetation, wildlife, and wetland survey.

CONSULTING ENGINEERS ASSOCIATES, INC.

John McClay, P.E. B.S. Civil Engineering. 30 years experience in drainage engineering. I-94 Rehabilitation Project utility inventory preparation.

GREAT LAKES RESEARCH ASSOCIATES, INC.

Mark C. Branstner, B.A., M.A., Ph.D. Anthropology. 21 years experience in cultural research management. I-94 Rehabilitation Project historic research and cultural resources report preparation.

Todd M. Branstner, B.A. Anthropology, M.S. Historic Preservation. 9 years experience in historical research and historic preservation. Historic architecture survey and research for the I-94 Rehabilitation Project.

JAY, GREGORY & ASSOCIATES, INC.

Janice Frazier, Ph.D., B.S., M.S., English, Ph.D. Administration and Curriculum Leadership. 20 years experience in public relations and public involvement. I-94 Rehabilitation Project public involvement.

MOORE & ASSOCIATES, INC.

Jack P. Moore, B.S. Psychology/Sociology M.S. Education, Research, and Statistics. 20 years experience in survey design and survey. I-94 Rehabilitation Project community impact survey.

JCT SERVICES

John C. Taylor, B.A., Ph.D Marketing, MBA Transportation-Distribution Management. 20 years experience in transportation issues. I-94 Rehabilitation Project truck volume forecasts
